## **New medical facility**

Nov. 12 marked the ground-breaking ceremony of a 72,000-square-foot medical building opposite Springbrook Prairie Forest Preserve off 75th Street.

“We are so excited to break ground on the iMed campus, it’s going to be a great new space for Naperville medical offices that we think doctors and patients alike are going to really enjoy,” said Ali Setork, co-owner of DynaCom Management Inc. “The iMed campus is going to be one of the largest buildings in south Naperville, and we want to have a celebration to recognize that.”

The four-story prairie-style building is destined to open in the fall of 2014.

DynaCom has more than 25 years experience managing, leasing and developing properties and has another six office properties it manages in Naperville.
